Unlimited Attempts Allowed▼ **Details****Week 6 Assignment - Course Project - Final Project Submission (100 points) - Due on the last day of Week 6****Based on the ABC, Inc. Case Study and the Final Assessment Template described in Week 1, submit the following:****Summary**

Present a summary of your findings, and offer an overview of your recommendations

Final Submission

Combine all 5 project parts, along with the Summary, with corrections suggested by your instructor throughout the course, into a professional-looking security report that flows well from section to section, including your introduction and summary.

Requirements include:

- 12 to 15 pages - double spaced and numbered
- A cover page
- at least 10-12 references other than the textbook.
- APA formatting throughout

Rubric:

Component	Points Possible	Your Score and Comments
Summary	20	
Security Report for ABC with all sections included	20	
Edits made based on instructor suggestions	20
